

"Repent and Rebel"

Pip Argot

Being Canadian means being part of a family - genealogically speaking. This would be obvious to you if you studied the history of our genealogy - which is the history of Canada. With very few exceptions - and I mean very few - our family originated in France, England and the Orkney Islands, Ireland and Scandinavia. This was long before the Dominion government, the North Atlantic Trade Co., the Bank of Canada, &c. It was Laurier's lapdog **Clifford Sifton** which used the North Atlantic Trade Co. in collaboration with the Jewish Colonization Association of London and New York, created by the Orient Express Jew ☆ **Baron Maurice von Hirsch**, and Rockefeller's Standard Oil to colonize the Great Interior Prairies with the stalwart sheepskin-coated peasants of Galicia and Bukovina. Though, the beginnings of our problems with immigration and multiculturalism was the Jew ☆ **Ezekiel Hart**, who swore his Oath upon a Talmud and not the Bible - but it cannot be overstated that he could not take the oath of office, because it includes the phrase "on the true faith of a Christian." It was **Pierre Trudeau**, though, which sold us out lock, stock and barrel to the Jews of Montréal - and we have been irrevocably a **Zionist Occupied Government** since then. Using the **Holocaust Lie** the Jews cow us into believing the **Bible Lie** ¹ - but our Canadian family is in no way

descended from Adam and Eve, as they wouldst have us believe. Anyone learned in prehistory, genetics, and the antiquities would know this. Christianity found its way into our society *via* Constantine... King Arthur... Charlemagne... but look what consistently turning the other cheek does. We are belittled and humbled by these foreign-born subhuman devils and anyone who dare to speak out against the politically correct *status quo* is labeled a racist.

I don't hate Black people... I just don't dig what's going down in America and Europe. The homegrown Blacks in America are sleazy tools of the "kikes" - and those in Europe are nothing more than bush monkeys.

Although I am a racist and do not like people merely because of their skin colour and heritage, I still believe that as a superior being it is necessary for me to think and speak and act accordingly; *for example*, I believe that if the Whites had not betrayed their treaty promises with the First Nations... we'd not be in the sorry state of affairs we are in today. Furthermore, it is my belief that we must protect and nurture such peoples as the **Stone Age Tasaday**; the **Yanomamö**, the **Awá** and other indigenous tribes in the depths of the Amazon rainforest who have no contact with the outside world; just as much as the **Inuit**; the **Ainu**; the **Australian Aboriginals** and the **African Bushmen**. (Note: A Bushman was brought to Australia and was able to interpret prehistoric cave paintings as illustrations of spirit journeys. I am very interested in the realm of the spirit and the ritual use of certain hallucinogenics.)

Now Mark: I believe that the Asiatics and the Blacks both branched off Yggdrasil somewhere beneath the rest of us... and that the Jews and Arabs are a mixture of these with the descendants of Cain, who was expelled from **Eden** (or the **Paleolithic Lascaux Caves** in the Pyrenees) and sent out to wander the Earth forever aimless and homeless in the **Land of Nod to the East**. At that time there was a land-bridge betwixt Europe (Italy and Greece) and North Africa - this was **Atlantis** which sank beneath the rising waters of the two seas which merged during the **Deluge** into the **Great Green Sea** (or the Mediterranean).

Mohammed the illiterate recited the Sura's claiming to be listening the **Arch-Angel Jibril** - as if he himself were Allah. This is the same trick that **Moses** used whence he went up on the Holy Mountain of Sion. Let me tell you that anyone who claims to be the voice of God is absolutely nuts... including **Jesus**, the supposed Son of God the Son of Man.

We are not Christian by our ancestral heritage but by choice - and that is wrong. This is our ignoble submission to the **Noahic God of the Semites** - the God of Abram as revealed by Melchizadok and the two men from Bread Mountain in the time before the great **War of the Plains of Siddim** in the time of **Job** - and, if you didn't know, let me tell you that

when Moses went up the mountain there were seventy men of the Jews gathered at the base of the mountain who created **the real-and-true laws of the Jews** (according to their own oral traditions). Furthermore, during the time of Christ the Messiah,² **Herod's children** were hostages in Rome being brought up with **the children of Caesar**...! and on the heels of Rome's Legions came the descendants of these usurious Jews to tally the tribute... it was these miserly bastards which indoctrinated our Celtic and Pictish and Gothic and Gaulish and Frank and Germanic and Teutonic and Norse patriarchs in the humbling philosophies of Christian martyrdom - not to free their souls but enslave their bodies and pacify their generations so that heroes wouldst not arise up from amongst them to threaten their unnatural capitalistic order.

Their history is not our history. Like the North American Indians **our ancestors were tribal**

² **Jesus** was referred to as the chief cornerstone (or "capstone") - a reference to the top stone of an Egyptian pyramid. The chief cornerstone of the pyramid is same symbol for **Horus**, the Egyptian god and savior. Like the Egyptian pharaoh, Jesus was called a shepherd who rules the nations with a staff. Horus was a popular Egyptian god who was the son of **Osiris and Isis**. Osiris and Horus were both solar deities. Osiris was the setting sun, Horus the rising sun. Jesus is the rising Son and the morning star. The pharaoh was considered to be an incarnation of Horus (also known as "**Amen-Ra**," the sun god). In the same way, Jesus is considered to be the incarnation of his heavenly Father. Horus was the **lamb of God** who took away the sins of the world. Horus had an adversary named "Set" - as Jesus' adversary was "Satan."

The story of Horus can be found in "**The Egyptian Book of the Dead**" (*also known as the "Papyrus of Ani"*) written over 3000 years before the birth of Christ. Jesus as nothing more than a "retelling" of the story of dying and rising" gods such as Horus or Osiris.

Perhaps the most persuasive case of potential mythological "borrowing" is found in claims related to **Mithras**, the ancient mythological deity worshipped in Persia four hundred years prior to Jesus (and worshipped continually throughout the first four or five centuries of this millennia in Rome, right alongside those who worshipped Jesus). The **Mithras cult** in the Roman Empire was a syncretism of different religious motifs. Its closest similarities to **Christianity** are the story of the **slaying of the White bull** (i.e. the moon). Mithras, a solar deity, was closely associated with the Roman **Sol Invictus**. Mithras was born of a virgin, in a cave, on December 25th, and his birth was attended by shepherds.

Mithras was considered a great traveling teacher and master. He had twelve companions (or disciples) and promised his followers immortality. Mithras performed **miracles** and **sacrificed himself** for world peace. He was buried in a tomb and after three days rose again. His followers celebrated this event each year at the time of **Mithras' resurrection** (and this date later became "**Easter**"). Mithras was called the "Good Shepherd," was identified with both the Lamb and the Lion, and was considered to be the "Way, the Truth and the Light," the "Logos," the "Redeemer," the "Savior" and the "Messiah." His followers celebrated **Sunday** as a sacred day (also known as the "Lord's Day"), and they celebrated a Eucharist or "Lord's Supper." Mithras, by this description, sounds a lot like Jesus doesn't he?

¹ The so called **ancient Hebrews** or as they should properly be referred to as **Habiru**, were a nomadic group of people that migrated into **many** different lands - in **Ancient Egypt** they were known as the **Hyksos** and ruled over the native-born peoples (even as the Jews rule over us today), until they were chased out of Egypt **Seqenenre Tao II "the Brave", King of Egypt**, who founded the **18th Dynasty**. Like the Jews of today, the Hyksos were able to blend into their environments and adapt to the cultures they came into contact with. They also adopted and incorporated many of those cultures ideologies, dogma, rituals and traditions. Which is why a lot of their *so-called* holy books have information in them plagiarized from other sources.

The oldest Judaic book of "**Job**," was stolen from a story written in the Ugaritic language (Cuneiform Script), composed circa 1400 BCE by "**Ilmilkku The Scribe**." This epic involves "**Keret**" and the God "**El**" - not Job and Jehovah. Keret's family tragedies and illness are comparable with the story of Job. In the original tale, "**Satan**" never even entered into the picture. Here, the Judaic God Jehovah replaces El. By creating opposing Gods, one "good" and the other "evil" the Jews have been able to manipulate the world beyond belief. The Judaic book of **Proverbs**, along with the writings in the book of **Ecclesiastes** were stolen from the **Teachings of Egyptian Ptah-Hotep**. Many of the writings in the Jewish book of **Joshua** were stolen from **The El Amarna Letters**. The Judaic book of **Judges** is comprised of material stolen from: **The Story of Aqhat**, **The Diary of Wen-Amon** and **The Gezer Almanac**. The Judaic books of **Samuel** and **Kings** contain stolen material from: **The Mari Prophecies**, **The Stele of Mesha**, **The Karatepe Inscription**, **The Annals of Shalmaneser III**, **The Black Obelisk of Shalmaneser III**, **The Annals of Tiglath-Pileser III**, **The Annals of Sargon II**, **The Siloam Inscription**, **The Yavne-Yam Inscription**, **The Lachish Letters**, **The Arad Ostraca**, **The Annals of Sennacherib**, and **The Annals of Nebuchadnezzar II**. More material in the biblical

books of **Ezra** and **Nehemiah** were stolen from: **The Cylinder of Cyrus**.

Stop blindly following things because it's what you were born into our socially and culturally forced into accepting. Question everything and do some research.

hunter-gatherers and living harmoniously in sync with nature... and like the Natives, they had no need to write their histories, nor formulate religions, for unlike us, today, what was good enough for their ancestors was good enough for them. We must abandon these **false gods of the Jews and Islam** - these two misbegotten sons of the devil Abraham the idol smasher: (Abram was forced to flee **Ur of the Chaldees** after smashing all of their idols... which were nothing more than their ancestral heritage handed down through the centuries from father-to-son for generations - and this is something that ISIL is doing today - as at Palmyra).

To hell with Yahweh! to hell with Allah! to hell with Christ! these **god-damned false idols** have been forced upon us for far too long. Its time to wake up and remember who we were - who we are at heart. Its time to take back our heritage, to remember our ancestors, to redeem a future for our children's children! to Manifest our Destiny and drive all these foreign-born subhuman devils back into the oceans which spewed them onto our shores.

Mass immigration is a phenomenon, the causes of which are still cleverly concealed by the system, and the **multicultural propaganda** is trying to falsely portray it as inevitable. Few people know that one of the main initiators of the process of **European integration**, was also the man who designed the **genocide plan of the Peoples of Europe**. It is a person, whose existence is virtually unknown to the masses, but the elite considers him as the **founder of the European Union**. His name is **Richard Coudenhove-Kalergi**. His father was an Austrian diplomat named Heinrich von Coudenhove-Kalergi (with connections to the Byzantine family of the Kallergis) and his mother the Japanese Mitsu Aoyama.

In 1922 he founded the **"Pan-European" movement** in Vienna, which aimed to create a **New World Order**, based on a federation of nations led by the United States. European integration would be the first step in creating a **world government**. Among the first supporters, including Czech politicians **Tomáš Masaryk** and **Edvard Beneš** and the banker ✧ **Max Warburg**, who invested the first 60,000 marks. The Austrian Chancellor **Ignaz Seipel** and the next president of Austria, **Karl Renner**, took the responsibility for leading the "Pan-European" movement. Later, French politicians, such as **Léon Blum**, **Aristide Briand**, **Alcide De Gasperi**, etc. offered their help.

With the rise of Fascism in Europe, the project was abandoned and the "Pan-European" movement was forced to dissolve, but after the **Second World War**, Kalergi, thanks to frantic and tireless activity and the support of war criminal ✧ **Winston Churchill son of Jenny Jacobson**, the **Jewish Masonic Lodge B'nai B'rith** and major newspapers like the **New York Times**, the plan managed to be accepted by the United States Government. The CIA later undertook the completion of the project.

The future **"United States of Europe"** will not be the **Nationalistic Peoples of the Old Continent**, but a kind of sub-human product of miscegenation. A sad imitation of Dr. Moreau, Coudenhove-Kalergi clearly states that the peoples of Europe will be interbreed with Asians and colored races, thus creating a **homogeneous Eurasian-Negroid mock race** - a multinational flock with no quality and easily controlled by the ruling elite. He proclaims the criminal abolition of the right of self-determination and the genocidal elimination of nations through the use of ethnic separatist movements, such as **Black Lives Matter** and the **LGBTI movement**, and mass migration.

Under the dual pressures of misinformation and humanitarian stupefaction, Europeans are being

taught to renounce their origin, to renounce their national identity through their fusion with the Third World. The servants of globalization are trying to convince us that to deny our identity, is a progressive and humanitarian act, that "racism" is wrong, because they want us all to be blind consumers. It is necessary, now more than ever, to counter the lies of the "System," to awaken the revolutionary spirit. Every one must see this truth, that forced integration amounts to genocide. We have no other option, the alternative is national suicide.

Yes - it has absolutely *nuffin* to do with the Blacks being evil: *for example*, the **shocking gang rape of a nine-month old baby girl** in 2001 by six Black men from Upington (South Africa): Piet van Rooi (39), Jan Mienies (45), John Radebe (24), Frans Mostert (28), Jan van Wyk (66) and Joffie Freeman (22). The oldest accused was said to be a close relative of the baby, whose mother is herself a child, barely 15. Or, 86-year-old **Sister Gertrud Tiefenbacher**, who was gang-raped and murdered by robbers for a small amount of money in South Africa in April 2015. Or, as in 2014, in the Democratic Republic of Congo (DRC) when a **mob stoned, burned and ate a man** after accusing him of being part of a Ugandan-based Islamist "rebel" group operating in the area - forming part of an ancient and still-ongoing **tradition of cannibalism in Africa**. Or, as in 2014, when the **Osun Defender** newspaper reported that human flesh was apparently being sold as an expensive treat at the restaurant, with authorities saying that **roasted human head** was even on the menu. Or, the **vicious child soldiers** - some 40% are girls - often used as forced labour and sex slaves, being taken as 'wives' by male combatants. Or, the children, women and elderly people who could not run fast enough and were massacred by **Boko Haram** in 2014... with bodies - too many to count - strewn in the bush throughout Nigeria. Or, the **Rwandan Genocide**... which was a genocidal mass slaughter of Tutsi and moderate Hutu in Rwanda by members of the Hutu majority from April 7th-to-id-July 1994 - an estimated 500,000-1,000,000 Rwandans were killed, constituting as much as 70% of the Tutsi and 20% of Rwanda's total population.

Just wait until the Sikhs establish **Khalistan** in North America... or will it be the Islamic caliphate? or maybe it'll be the **degenerate homosexual agenda** which is taking over our children's mind's and bodies! We can only wait for the eventual **Unholy Civil Race War** to be forced upon us by the very same Muslims we are open-armed welcoming into our midst... and hope like hell that the Middle East - the cause of all our problems - gets nuked into a **biological and chemical Apocalyptic wasteland** where nothing will ever live again. Only then can we return to the **ways of our forefathers** which first created this nation great... long before the **Corporation of the Dominion of Canada** was conceived in the minds of the **Eastern Industrialists** and the **Zionist agenda** they serve which took over our once-great nation. Only then will we be able to forget our differences and remember our heritage and drive all this **Third World scum** flooding into our nation and polluting our country with foreign languages, false idols, and the **ZOG-created Nietzschean Afro-Asian Last Man** (by muddling the proud blood of our people with the Third World vermin flocking here for a better life having ruined their own lands). Only then will we truly **"Repent and Rebel"** - but by this time hitherto unprecedented in human history it will be too late... and our children's thoughts and actions

will have become totally corrupted and programmed by the **Zio-media's brain-numbing MK-Ultra Monarchist sexualization** of their **violent mind-washing** racist rainbow-striped homosexual and po' Blacks propaganda.

The time for showing pictures, writing articles, and leaving comments on-line, complaining, pointing fingers, accusing and revealing our enemies has long since passed away and we are faced with the truth: "We have no hope but to **surrender** to the NWO body, mind and soul, clothe our women in the burka and hijab, and willingly offer up our offspring to their **Golden God Moloch**."

Mark This: The imported Brown-and-Black-skinned kinky-haired fat-lipped and slanted-eyed foreign-born aliens imported into our midst by ZOG and its quisling NWO will eventually start an **Unholy Civil Race War** that we cannot lose. Eventually there will be riots in every building on every street and in every alleyway of our once peaceful but now gated communities and in every home, involving every family - not in a struggle for survival due to a **Zionist-manufactured economic holocaust** (such as the **Holodomor**).. but for "living room for our descendants" - the sleepers and daydreamers will be violently shaken awake and forced to fight for their very survival or be swept away by the abominable hoards being supplanted in our midst upon our native soil, like tares sowed amongst us by our enemy in the night under the cover of darkness. **Remember**: With every season there is a reaping of the harvest... and with every reaping the chaff is separated from the good grain and disposed of... either in fire or as fertilizer.

There will be no great leaders like **Führer Adolf Hitler** to save us - no great generals like **"Blood and Guts" George S. Patton** to inspire us in battle... and no great organizations like the **Templars** to protect the innocent. It will begin as it has... as an argument in every household over such idiotic things as whether or not we are all God's children, when surely we are not... as the carnivorous hunter **Cain (Cro-mag)**, who slew his omnivorous agriculturalist brother **Abel (Neanderthal)** and was exiled from **Eden** (the Pyrenees) to evermore wander homeless through the **Land of Nod in the East** (into the rising sun) - the forbearer of **Ishmael and Israel**, both of which are still problematic towards our **True Humanity** even today... the Blacks being the **long-sought "missing link"** who broke away from the human family tree in Paleolithic times.

Don't be fooled by your programming. They've been fucking around with our minds since before we were born and are not only haply turning our own children against us... but turning us ourselves against us ourselves.

And those who argue that we should never forget **we were all immigrants** is just not true. Such paradoxical statements are merely made by redundant reverse-racists as pointing and screaming out racist. In fact you'd get more attention if you did that than if you were yelling "Help... rape." I am not an immigrant. You may be... but I am not. Furthermore, people's conception of who is and who is not an immigrant are easily answered, thus:

- 1) If you can't or wont speak the language of the Native population...;
- 2) If you refuse to assimilate and in effect undermine our nation with your culture (such as is happening in Sweden today); and, most importantly,
- 3) If none of your ancestors were here five generations ago - before Orient Express Jew ✧ Baron Maurice von Hirsch's Jewish Colonization Association of London and

New York and Laurier's North Atlantic Trading Company began importing Eastern Europeans and other foreigners from the Near and Far East.

The **Chinese** who claimed the head tax rebate have renounced their Canadian citizenship, here five generations ago or not... and, the **First Nations** have never been citizens of our country... according to Treaty; but our vile and corrupted politicians are even now wrongfully renouncing their commitment to Treaty once-and-for-all - completely and irrevocably. If the *so-called* **White man** wants to be superior to the indigenous population... then they should set the example and behave like they have an honourable ancestral claim on our heritage?

Do you feel safe having foreign-born citizens employed as troops and police in our country? like turbaned Sikhs, such as former B.C. Mountie turned cocaine smuggler **Rapinder (Rob) Sidhu**, or **lieutenant-commander Wafa Dabbagh**, a Muslim woman in a niqab who is called a pioneer of the Canadian Armed Forces? it just makes me sick that our government is hiring **foreign-born mercenaries** to enforce their **corporocratic slavery** over our children's children.

Would you support a **"man" of the people** who promised to put **an end to mass Third World immigration** and close our borders to those who prefer to speak foreign languages within our country, review all existing *so-called* "refugee" cases and deport thousands-upon-thousands of **unwanted foreign-born aliens**, jail and re-educated the hundreds of thousands of **enemies of the state** amongst us which enrich themselves by selling out our generations to **ZOG's multicultural global village**... they will have no trouble or reserves in rounding us up for reeducation, I assure you.

Would you redefine acceptable applicants to **citizenship** already established in Canada - not as citizens but as having citizenship pending - so that only persons who could prove in the minimum at least three generations of Canadian heritage (meaning that only people whose grandparents were born in Canada would be eligible for citizenship)?

Citizenship, *furthermore*, should be essential to buying or **selling property or operating a business** - and foreign-born aliens having to earn the right to be here in Canada by working as our ancestors who built this nation great did instead of "stepping off the boat" and scooping up the cream and sucking up all the gravy.

Why should Canadian citizens have to let these foreign-born devils suck off the teat of our goodwill and strip us of our ability to give good Canadian citizens decent social benefits, such as old age pension, medicare, welfare, etc... instead of draining these funds for the benefit of a bunch of unwanted leeches here to bleed us dry. Why should we take second place to these monied goons in our own homeland? Where is the justice in that?

Do you realize that the only reason they're inviting this unwanted scum to settle here is because we have all lost our ability to indebt ourselves any further than we already have to the **Khazarian-mafia banksters**. It is they who wish to destroy us as a nation and supplant us with Islam - not because Islam is greater than us... but because we are greater than Zion, which is our true enemy.

Would you be willing to take to the streets with whatever weapon you could lay your hands upon to take back our country and drive these unwanted swine back into the sea which spewed them out onto our shores as Jesus did in the **Gospel of Matthew**? or do you just like to complain a lot? One thing I've learned living on the streets for most of my life is that if you aren't ready and willing to fight for what

is yours... someone is going to take it away from you... and that's exactly what's happening throughout our once-great Western Civilization.

We need a leader of the people - who is born of the people and has the interest of the people at heart. Do you believe that such a man lives amongst us now? or are we truly damned to live out our lives as **goyim swine**? as cattle? as sheep? The choice is ours to make. - and ours alone.

We have to do what was suggested at in the old Star Trek episode about **"Landru"** - and not be caught huddled together trying to look big - every creature when it is threatened and afraid tries to make itself look bigger when confronting an enemy. The people were all living in perfect accord and civility towards each other... but underlying their perfect **Utopia** was an instinctive need to run rampant... so every year the people celebrated this wild passion with a night of violent purging. This was all done in accordance to **the commands of "Landru"** - a computer built so long ago that the living people who knew about it had forgotten its creators.

Anyhow, the **human revolt** against this computer was kept so secret that no one of the revolutionaries knew more than two people - in the event they were captured and tortured, they could only implicate two other people: the one which introduced them to the revolution... and the one they enlisted in the revolution.

Although the body has many parts... it has only **one heart, one brain, and one living spirit** which motivate those three parts to give life to the body... which is otherwise mere **flesh and blood and bone**.

This is why our revolution seems to be failing - or stagnant in the least! because we place too much emphasis on waking up the sleepers. They are a dumb mob of **lemmings** haply thinking, saying and doing what they are told to think, say and do. The **hoi polloi** are the body of meat... but we, who are awake, are **the heart, mind and soul** of our **collective unconsciousness**. It is us who are laying the groundwork for those who newly awaken to erect the framework of the house which we are building. It is **the sleepers** which are yet to awaken which will make it a house... and it is our unborn descendants which will move in and make it a home to raise their families in.

This war was brought to us aeons ago by our enemies - the **gadam offspring of slant-eyed Black-skinned Cain** (father of Abraham father of the Arab and the Jew - both). Europe and North America are ours... if we can keep them.

Our first move must be to alert all our people to the situation as I have outlined today, herein this revolutionary document. That's the first step - education! Education alone is not enough, *of course*, but it is necessary. Many people - sleepers and dreamers - will not want to be educated or awakened to our peril and their corresponding responsibility. As has been stated, they will be afraid to listen to anything which is not politically correct. They will hate us when we try to educate them. These dogmatic thinkers will go back to their subliminal niggardizing television programming and mass produced propaganda... but for every fool filled with hate and fear who will not listen... we will find a person who already has an understanding of these things - and who only needs to hear us say them in order to gain enough confidence to know for a certainty that their understanding is just and correct. And we will find other people who have not yet achieved understanding, but whose hearts and minds are open - and can accept the truth when

it is presented to them. And so - that is our immediate task! yours as well as mine. We must reach out to our

people... we must alert them... we must educate them... we must encourage them... we must inspire them. And here is a beautiful and wonderful thing - when you reach out to other people to encourage and to inspire them, you yourself will be encouraged and inspired. When you find out just how many other people there are who share our concerns... our feelings... our values... our sense of responsibility... you cannot but help being encouraged. Even the hatred that you encounter from some people, especially from people believing in and parroting the propaganda of the Jewish-controlled media, you will be encouraged - for you will understand that they would not hate us so much if they did not fear us. And the reason that they fear us is that deep inside them they know that what we say is true. So let's get out there and start looking for encouragement.

I am a descendant of the **First French Family** whose explorer/habitant/coeur des bois/voyageur/fur trapper/mountain man/buffalo hunting ancestors built this nation great on their blood, sweat and tears. I am a **true son of the soil** whose genealogy includes at least 14 First Nations women, Filles à Marier et Filles du Roi, Carignan Salière, United Empire Loyalists, and other Scottish and British ancestors - both famous and infamous men and women as well as plain ol' ordinary peoples born to and of the soil of this great nation - **true and strong and free**. I am also descended from the stalwart Ukrainian pioneers settled on the **Stolen Lands of the South Branch Exovedes**, four generations ago. But I grew up denied my heritage and culture as Francophone and Ukrainian and ostracized from both the White and Indian cultures, as well as the Méacutetis. **I am a Canadian**. All of my grandparents were born in Canada.

When I grew up I was made to feel ashamed for being on welfare and chose not to raise a family dependant upon the government for handouts... but this was a mistake, I see, for we are importing hundreds of thousands of foreign-born Third World parasites who have no qualms about raising huge families dependant on generous government subsidies. I am now too old for fathering children and feel deeply betrayed by our Zionist Occupied Government. It was **Prime Minister Pierre Elliot Trudeau** which threw open the floodgates of immigration and the Third World multicultural global village at the behest of his Montréal Jewish constituency... and it is his "mini-me" son **Prime Minister Justin Trudeau** which will sell us out to the inevitable **Jihadistic-Islamic Unholy Civil Race War** wrought by the **Khazarian-mafia banksters** of the terrorist state **Israel** and the **Vatican** and their quisling **Illuminatist NWO puppets**. North America will follow Europe whence **the collapse of Western Civilization** is engineered by the Black Pope, the Crown, the Judaic European Union and United Nations.

I could say more... but you can plainly see that I've nothing nice to say about Canadian politics or Islam. This once-great nation was **my ancestral homeland** before the Dominion of Canada came into being - and we were a family and a tribe apart from others before that sad day of **Confederation**... and since then we've been swirling down the drain in an ever-tightening vortex and doomed to being washed away into the oceans spewing these **unwanted parasites** unto our shores like so much stinking **flotsam and jetsam**.

But now I am made to feel ashamed to be a Canadian because our government is handing out this noble entitlement of citizenship to every one

who whines and demands it. Our **veterans must just be rolling in their graves...** this is not what they fought and died for. We have betrayed them - we have sold our grandfather's promise for nothing.

When the **call to arms** is sounded I for one will quick become responsive to that **dreadful herald of doom and destruction**. If its a **Third World War** they want - I am willing to fight and die for what belongs to me by birthright: my heritage, my culture, my citizenship, my family. I will never accept these newcomers as citizens and will spend the rest of my years in fighting against them and preaching revolution until the **silent sleeping giant** - until the moral majority awakens to the horror that our once-great nation is suffering its agonistic **death throes**. It sickens me nigh unto death that I am alone - or seemingly alone in this battle for **Canadian Identity** because everyone who cannot grasp the truth of these things I have said is fighting against "us" as a family and a nation - and, as a genealogist and historian, I know for a certainty that we were a family and a nation before the Dominion and the North Atlantic Trading Company and the Turdeaus.

If we forget who we were... who do we become? a people without a heritage or a history. a mindless mass - **hoi polloi**. a commodity to bought, sold, traded and bartered and mortgaged - we become what we are...and make no mistake about it - we are slaves. For the greater part of us life is a struggle from day-to-day much less a revolutionary enterprise. Its not that we don't care and, yes, we all do want things to get better for our children's children... but who is going to be strong enough to bundle us all together into the **proverbial unbreakable faggot?** and who is to say that there will never be another **Alexander** smart enough to sever the **Gordian knot** which binds us together as slaves? There will never be another great man like **Führer Adolf Hitler** to lead us. no great leaders like **Gen. Patton**. Both **Cromwell** and **Napoléon** were once great men - but the international Khazarian-mafia bankster Jews of Zionism defeated them, *too...* and it is these very same enemies which presently control our European and North American governments - as they have for centuries. **we are slaves to the greed of gold**. It is these bastards who invented the Black African and Indian and Irish slave trade. It is them who began the English Civil War, the Glorious Revolution, the American Revolution, the French Revolution, the American Civil War, the Opium Wars, the Russian Revolution, World Wars 1 & 2, etc..

If we want to break the chains of our so-called freedom... there will be a high price to pay. There will be death and destruction. There will be blood... let it not be the blood of our children's children's children. Let it be their blood. Remember what the Jewish mob cried whence Christ was brought before Pilate... they cried out aloud: "Let it be upon our children's blood."

Are we like unto them? or not?

I know who I am and where I come from... **I am a nameless nobody and of little importance**. And I know what kind of a world I want to live in and what kind of a world I am living to create... the life I am willing to bleed for... to die for - to go to hell for. As **Niccolò Machiavelli** said: I desire to go to Hell, not to Heaven. In Hell I shall enjoy the company of popes, kings and princes, but in Heaven are only beggars, monks, hermits and apostles. But I wont go to hell... though I go not into Christian martyrdom... I will cross the Elysian Plain to rejoin my God - the God of my ancient ancestors - and I will be recognized and known for who I am because of who I was... who I became.

Cernunnos-carnuātus *son of three fathers*, called **Herne the Hunter**, is our God - the God of the average **Iron Age Gaulish/Thracian Hyperborean man** - of the lineage of **Mannus** *son of Ask and Embla* - sitting cross-legged, wearing antlers on his helmet, in our Paradisiacal wild woodland awaiting us to return to him. Note: It is interesting that Cernunnos is neither in possession of a spear or a sword or a bow and arrows; instead, he holds a **torc** - a symbol of hereditarily authority - in his right hand and the **ram-horned serpent** (reminiscent of that in the Garden of Eden) in his left. The ram-horns on the serpent are representative of the evolution of the **Atlantean race** into the Egyptian peoples after the sinking of Atlantis - this being, in actuality, an inundation of the land-bridge connecting North Africa with Italy/Greece which sank beneath the rising waves of the **Great Green Sea** (Mediterranean) during the Deluge - the recession of the northern glacial ice. Society, as we know **our White Cro-Magnon European heritage** to be, emerging from the **Lascaux caves** in the Pyrenees in southwest Europe, which forms a natural border between France and Spain, separating the Iberian Peninsula from the rest of continental Europe - and not as stated in the Holy Bible, which the Jews gave to us to make us martyrs and enslave us - as they did the Huron peoples.

Cernunnos is attended by animals which I believe represent **prehistoric tribes** - me knowing of at least five: a buck (sea-roving Norse) on his right and a wolf (woodland Teutons) on his left - the other three which I suggest are the horse (Celtic) and the fleur de lis (Goth) and the boar (Thrace) but here-on the cauldron what appears to be a lion (Egypt) is also represented - which emerged from the Deluge, during an **era of climate change** caused by/causing the **northern glacial ice sheets** to recede. These animals are symbols of **power, magic and fertility** descended from the **Seven Daughters of Eve** and evolving a different than Biblical history... even as some suggest the progenitors of the **Toltecs/Olmecs/Aztecs/Mayans** evolved separately than is suggested Biblically. Our ancestral **Solutrean First Nations aboriginal tribes**, such as the **half-tribe Xenia**, having navigated across the frozen ice-bridge between Europe and North America, bringing **Clovis flint-knapping technologies** with them to the New World, whilst on the other side of the Eurasian Continent, yet others of Mongolian persuasion explored over the **Bearing Strait land-bridge**: Note: In the 6th century, the **Buddhist monk Hwei-Shin** stole away against the Khan's orders from isolationistic China and sailed in junks as far as Chile - calling the Alaskan/British Colombian/Washington/Oregon coastline **Fou-Sang** - and if he ever returned it would mean a death sentence for them - but if they left any blood... it long ago dried up and was forgotten amongst the Natives.

Long Live **Sovereign Canadian Patriotism** and the Canadian Identity - and to hell with the imposters settled here amongst us to deceive and destroy us from within by dividing us and causing us to fight amongst ourselves - turning our sleeping children against us whilst they haply dream of a future they'll never honestly realize. .

Its hard to wake up children... all they know, all they imagine, all they believe is goodness - which they see in all people! - and, fully knowing this, the Zio-media exploits their innocence with **subliminal Ultrasque Monarchist mind-washing** - such as their new **sex education programming**, designed to destroy traditional concepts of male/female and propagate a confusing and **degenerate LGBTI**

gender-neutrality...! which is tantamount to genocide. As well, they are forcing indoctrination into a **vaccinated/RFID chipped future** of Spartan dependency upon the State. upon us and our progeny.

Strothe. there will always be **kapos** and **sonderkommandos** amongst us which will readily conform and say what they are told to say, and think what they are told to think, and do what they are told to do - later claiming that they were only following orders and passing the buck to nobody in particular but every body else in general - but they'll never really feel anything like a strong nationalist pride in our ancestral heritage as the founding principle of the State - and this has nothing to do at all with the **Khazarian-mafia banksters** or **plutocratic NWO neo-con ZOG-puppets** promoting miscegenation and homosexuality in direct opposition to the **Word of God** - *not inferring Yahweh or Allah or Jesus* - inasmuch as concerns us raising decent families raised on purity in word, thought and deed - and the **Laws of Nature**.

We are all bewildered with the ferocity and utter brutality of this **New World Order...** which is nothing but the death of the Old Order... which our generations shed their blood, sweat and tears for from the beginning. Who are these strangers in our midst? and whence cometh they?

As I've said before, the **European Union (EU)** is fermenting civil unrest throughout the civilized world - there will have to be an **Unholy Civil Race War** if we want to save our peoples from "Browning out." The longer we put it off, the harder it will be on our children and their children after them. There really is no other way of looking at it. Its an ever-tightening rope around our necks as a society. Its ever so sad but true - but we wont be the ones to initiate this **Armageddon...** it will be the Jihadistic strangers supplanted within our midst whilst we were sleeping and dreaming.

Lists must be made of the traitors names which are selling out our future. We must drive them out of our nations. Let these filthy scoundrels go and live in the Third World with the slant-eyed kinky-haired big-ass and fat-lipped Black-skinned rock-chucking rag-headed subhuman peoples that they are supplanting us with now - before it is too late.

Please don't get me wrong... **the White people** that I - in my impoverishment - am forced to live with are nothing less than dirty pigs - utter swine which degrade our race to an inhuman level even beneath that of the Muslims. Its downright disgusting what I have to put up with on a daily basis... an utter shame. These **Great White Hopes** are hygienically unclean, to put it bluntly, they are pigs and no better than **common Indians** who piss in the streets. So before you begin condemning me and calling me a racist - please keep this in mind. I am not so much a racist as a Nationalist... and in my country - Canada - I have a **proud heritage** which can be traced back over 400 years to the **First French Family...** and yes! I know that I do have Native ancestors - but I'm not Native. I also have Ukrainian ancestors... but I'm not Ukrainian! I have Scottish and English ancestors, as well as French ancestors... but I'm not European... that is what makes me distinctly Canadian. And though I'd proudly wear the **sacred "blood-drop" and "swastika"** - I cannot - for I'm not White enough in having Native ancestors- even though I was a skinhead when it just wasn't cool and no one else was doing it.

And before the rich bureaucrats which have betrayed us sold out our generations to ZOG, we were a family - I cannot emphasize this enough - everyone in Canada was related in one-way-or-

another to everyone else - one-and-all - and that's what made us a nation - distinctly Canadian. We were a family.

Now, there is a great and urgent necessity of sacrifice in our lives calling upon us to achieve a **greater nationalistic goal of racial purity**... but the liberal-minded leftist swine in power now in our ZOG - these sick parliamentarian perverts in denial of our heritage and identity and future as a Canadian and as a North American culture which is separate and distinct from the thoroughly diversified European society from which we originated and quick became who we are today... and having nothing to do with the abomination of the **Jewish Black African slave trade** nor their trade of **White human cargo** across the Atlantic, nor of the **Jewish drug trade** which began with Rockefeller's and Sassoon's interests in the **Opium Wars** over a century ago - or the **cocaine trade** which Bill Clinton and George H.W. Bush were involved in some thirty years past. Nor of the betrayal of our children's children by the sale for thirty pieces of silver by those such as the two-faced **homosexualeftists** Obama and our own Turdeau here in Canada.

We shall watch idly as **Sweden** falls, quickly followed by **Germany, Britain and France**... and, by then, things will have become so out-of-hand here in **North America** that we will only be able to pray for a great hero to rise up out of the nameless, faceless mob of true-born citizenry to lead us on into victory in the unwanted, unwarranted **Unholy Civil Race War** which the **Khazarian-mafia bankers** and our **quisling politicians** and **fat-cat industrialists** and those **peccarious incorporate capitalists** and **imperialistic bourgeoiswine** who profit from the sale of our Canadian and American identity - telling us the lie that they believe: that we are or were all immigrants at one time... but this, too, I have endeavoured to prove is an exaggeration of facts... an untruth... and wholly so. For one thing is certain, there are many amongst us true citizens which have the Native-born ancestry of our **ancestral mothers** in our heritage just-as-much-so as the blood of our **European fatherland** is concerned. Yet, today we are distinctly a separate peoples with an identity of our own - we Canadians cannot be said to be of a wholly White identity. for we are not. Neither can it be said of us that we are Indians - although our grandmother's grandmothers may have been. for we are not. We cannot be said to be French - even our Acadian and Québécois ancestors have lost their European personality and are now merely French-speaking Canadian or American peoples. This too can be said of that Scottish and English and Irish blood which flows through the veins of our distinctively North American body - the genealogical body of our ancestry which dates back over 400 years. As I have said, more than four centuries ago our forefathers came to our Native homeland and colonized... but this had nothing to do with immigration! we supplanted our seed and sowed it afresh in untilled soil of our Newfound Land. This will never be said of that bad tare-seed which hath been cast across our soil like so much purple loosestrife - or as the Asian carp that hath infiltrated our Great Lakes - or even as the common house sparrow... a bane for backyard bird-watchers because the little birds crowd out songbirds, such as chickadees and titmice.

I could go on... but why bother... no one really cares any ways! everyone whines: "What can I do about it?" - and they do nothing... less than nothing... they roll over upon their backs and expose their bellies to our New Masters like the groveling

curs they are... enslaving themselves and their progeny to the hook-nosed gold-worshipping homeless wanderers within our midst - the Jews - and their rag-headed rock-chucking Brown-skinned Islamic half-brothers.

They infiltrated Rome in Herod's time... and Britain, writing themselves into legend of the **Table Round** with the story of the **Wounded Fisher King** and the **Spear of Destiny**. They struggled throughout the **Dark Ages** until establishing themselves in Spain, then, after the onset of the **Inquisition**, in Holland, where they, as diamond merchants, infiltrated the Orangist **Dutch East Indies Co.** They were with **Colomb** and sent him back to Spain in chains. Using their affiliation with **Cromwell** they infiltrated the British government and founded the **British East and West Indies Companies**. They created the **Black African and Irish slave trade**. Then they found a home in France, where they wrote the **Protocols of the Learned Elders of Zion** and inspired a revolution - it was **Napoléon** who made the great mistake of gifting them with citizenship. Using America as a base they created the **Russian Revolution** and murdered **Rasputin and the Romanov family** and their friends, establishing **Communism**. **After funding WW1 they created WW2** and used it to create the **terrorist state of Israel** - a bane to world peace. It is them who are behind the Cold War, the Chinese Communist Revolution, the Korean and Vietnamese Wars, false flags such as 9-11, the Bush family's Middle East Oil Wars, the current tsunamigration crisis and the impending threat of **White genocide**.

Remember: There a less of them and their cronies than there are of us - but the greater majority of us are sheeple, still asleep and dreaming of martyrdom and Heaven, enabling them to continue on in their **war of extermination** against us "goyim."

I grew up bullied - and let me tell you that if you stand up to a bully they don't usually show their true cowardly colours, turn tail and run away... they just get angrier and meaner. But one thing is for certain... if you don't stand up to them and allow them to walk all over you and/or others then not only do they get stronger but we get weaker, making it easier for them to harass and bully us. And when they say "the bigger the are the harder they fall" they mean it! But, no matter how big they seem, it is better to stand up, toe the line, and fight than drop to our knees in prayer and submissively suck up. What kind of men do that?

It may be do or die... but it is a better choice than simply rolling over and exposing our belly playing dead.

"Who wants to fight? an animal can learn to fight."

Spartacus

I say: "Educate yourselves so that your children won't grow up believing the lies of the **mind-numbing Zio-media**: television, movies, video gaming, the news, most popular music, many books (excluding the classics), (we don't need) anything advertised, religion has become part of their game - but belief in God will always remain - and their **central banks** and **infernal revenue agencies** control anything and everything to do with money as we know it today. Only when we understand who our greatest enemies are and realize that we still have the capacity to defeat them - if not the will - thence can we begin to imagine **our potential as Canadians** and Americans and Europeans and accept the truth of the **new crusade against the**

Zionist Caliphate which is being forced upon us by the Jews and their **whore-mongering dogs of war**: the Pope, the Queen, the EU, presidents and prime ministers of Europe and North America, and of course their tools of oppression: **MOSSAD**, the CIA, Interpol, NATO, and the United Nations. *for examples*, but not excluding **ISIS /ISIL**, **al-Qaeda**, the Muslim Brotherhood, *et cetera*.

The **tsunamigration crisis** - like most false flags events - is not an accidental happening resultant of the **Bush Wars in the Middle East**... it is a deliberate assault against the White peoples of Europe and North America. The **Black Lives Matter** movement is also part of this genocidal assault against our race - orchestrated by the ZOG of the criminal cabalists of the NWO.

Think of it: Who are the 1% in control of our world? we have an idea... but we really don't know because we haven't made any lists of names... yet!

Who are the traitors of our peoples - the quislings which profit from willfully serving them... betraying the rest of us? we really don't know because we haven't made any lists of names... yet!

Who are the sociopaths and psychopaths which mercenarily employ themselves - as in the **CIA** and **MOSAD created-and-funded ISIL** - in the service of "our masters"? we really don't know because we haven't made any lists of names... yet!

Who are those ignorant unbelievers amongst us which impede our movement forwards into a peaceful future? we really don't know because we haven't made any lists of names... yet!

Who are our leaders? or enemies? we really don't know because we haven't made any lists of names... yet!

Do you begin to see our problem?

Most Common Surnames in Canada

The **most common surname in Canada** is **Li** - a Chinese name (71,074) - and not Smith, as it is in the USA. **Smith** (61,302) is number two in Canada... followed by another Asian name - **Lam** (41,402). **Martin** (41,474), both a French and an English last name, and **Brown** (38,303) follow suit, with the good French names of **Roy** (35,665) and **Tremblay** (39,343) right behind them... and **Lee** (28,343), most commonly a Chinese and/or a Korean name following... **Gagnon** (30,429) and **Wilson** (25,984) wrap up the ten most common names in Canada. Despite our predominantly Franco-Anglo heritage, the multi-lingual surnames now in Canada arguably reflects a more multi-cultural heritage in Canada.

The most common names in **Metro Vancouver** are primarily Chinese and Asian: As recently as 1991, **Smith** was the most common name in **Metro Vancouver**. Today, it's fourth behind **Lee** (shared by more than 5800 households in the 604 and 778 area codes), **Wong** and **Chan**, as immigration changes the city. Kim, Chen, Gill - an Indian name, Li, follow - and are followed in suit by Brown, Johnson, Wang, Wilson, Leung, Anderson, Lam, Jones, Taylor, Singh, Liu, Williams, Ng, Wu, Ho, Campbell, Chow, Macdonald, Miller, Chang, Huang, Lin, Cheung, Martin, Lau, Young, Thompson, Scott, Nguyen, Cheng, Zhang, Yu, Stewart, Yang, Sidhu, Sandhu, White, Park, Robinson, Moore, Dhaliwal, Clark, Mitchell, Tang, Walker, McDonald, Ross, Johnston, Reid, Grewal, Chu, Ma, Thomas, Hall, Lai, Chung, Wright, Choi, Dhillon...

Gill is the seventh most popular name in all **Greater Vancouver** and there are neighbourhoods in Surrey packed with Dhaliwals and Sandhus. The vast majority of Indians living in Greater Vancouver come from just one small part of India: the Punjab.

Almost all of the most popular Indian names here - including Brar, Dhillon, Grewal and Sidhu - are village names associated with a particular caste of farmers... but Indians living in Canada are the third major homegrown **organized crime** problems in Canada, next to the Outlaw motorcycle clubs and/or Native American criminal organizations, and Asian criminal organizations such as the Triads and Vietnamese drug clans. The one exception is **Singh** - No. 18 on the list of most popular names in the Lower Mainland. In 1699, in an attempt to eliminate "caste," one of the gurus of the Sikh religion urged all his male followers to adopt the surname Singh (meaning lion) and all women to adopt **Kaur** (meaning princess).

Surname, it should be pointed out, is a bit misleading in the case of **Chinese people**, who, like most Asians, put their family name first and their given name second - although most who immigrate to Canada use their family name as a last name. Things are even more extreme in **Korea**, where more than half the population is a Kim, Park or Lee. In **China**, one-fifth of that country's 1.3 billion people share one of just two surnames: Lee or Wang. And in **Vietnam**, 40% of the population are **Nguyens**.

Koreans account for just 1.5% of the population - yet a Korean name, Kim, is the fifth most popular in the entire region. And yet the **Japanese** - who are almost as numerous as Koreans in the city - don't have a single surname in the Top 200. While most Asian countries have had surnames for thousands of years, one has not: Japan. For most of its history, surnames were basically banned in Japan for all but the nobility. But then, in 1875, the Japanese government abruptly changed course and required everyone to have one. With no real history of surnames to draw upon, many **Japanese people** simply picked one out of thin air. As a result, there are now an estimated 100,000 different surnames in Japan. And even the two most common - Sato and Suzuki - are each held by only about one in every 300 people in the Lower Mainland.

Given Vancouver's Pacific Rim location, this is not surprising. In Toronto the top ten surnames are: Lee, Smith, Wong, Chan, Brown, Patel - an Indian name, Li, Chen, Kim, and Williams. As you can plainly see - Asians are more populace in Canada than Eurocentric peoples. We are already a minority in our own country - taking into account that there are more "visible minorities" than European-Canadians. Note: Unlike Anglo-European names - which were often linked to one's occupation (Tanner, Draper) or parents (Christianson, MacGregor) - Asian names were more often adopted en masse to identify allegiance with a particular emperor or region.

Calgary's heritage is still less international and more Anglo-Canadian: Smith, Brown, Lee - which can be either Anglo or Asian, Anderson, Johnson, Wong, Wilson, Jones, Taylor and Miller. Calgary's European population is very fragmented, probably more so than in other parts of the country, so there is more diversity in last names. The **homestead boom** of the early 1900's drew people to the Prairies from all over Europe and the U.S., not just from the British Isles or France. Plus Alberta has had a very mobile population since the 1950's, adding the mix. Yet, cities east of the Prairies don't have large populations of Ukrainians, Italians, Poles, Finns, German, Dutch, or Swedes, etc.

Québec, too, retains its French heritage, but there are two notables exceptions in the top ten: Nguyen, which is Vietnamese, and Patel. Today there are more than 80,000 Tremblays in Québec, which makes them the largest clan in the province - and the third biggest family in Canada. But, quick becoming an increasingly multicultural society, the

Montréal Tremblays will shortly be outnumbered by the Nguyens. And if the Vietnamese Nguyens don't overtake the *pur laine* Tremblays, it could well be the South Asian Patels, who sit at number five on the island. Some prominent demographers have long predicted that French-speaking Québécois could soon be a minority on the island of Montréal.

Visible Minority Percentage of Population

The Visible Minority Percentage of Population, by cities over 100,000, for 2011 exhibits the following statistics: Markham (ON), 72.3%; Richmond (BC), 70.4%; Brampton (ON), 66.4%; Burnaby (BC), 59.5%; Mississauga (ON), 53.7%; Richmond Hill (ON), 52.9%; Surrey (BC), 52.6%; Vancouver (BC), 51.8%; Toronto (ON), 49.1%; Ajax (ON), 45.8%; Coquitlam (BC), 43.8%; Vaughan (ON), 31.4%; Calgary (AB), 30.1%, Edmonton (AB) 30.0%; and Abbotsford (BC), 29.6%.

Basic Demographics of the Canadian Jewish Community

The total Jewish population of Canada is: 391,665. 16.9% of Canadian Jewry is over age 65. 25% of Québec Jews have French as their mother tongue - and 62% are bilingual. The median income for Jews (age 15+) is: \$30,670. 6.7% of Canadian Jews live in female-headed single-parent families. 14.6% of Canadian Jews live below the poverty line - this percentage rises to 15.7% for Canadian Jews over age 75 and older, and 20% among Québec Jews.

In 2015 in Toronto there are 188,710 Jews; Montréal, 90,780; Vancouver, 26, 255; Ottawa, 14,010; Winnipeg, 13,690; Calgary, 8335; Edmonton, 5550; Hamilton, 5110; Victoria, 2740; London, 2675; Halifax, 2120; Windsor, 1515; Kitchener (including Cambridge and Waterloo, 2015; and Kingston, 1100.

About 58% of Canada's Jews live in Ontario, 23.9% are in Quebec, 8.9% are in British Columbia, 4% in Alberta, 3.7% in Manitoba, and 1.6 per cent of Canadian Jews reside in Atlantic Canada, Saskatchewan and the territories. According to a survey in 1991, 369,600 people identified as ethnically Jewish, and 318,185 identified as religiously Jewish. But in 2011, 309,650 identified as ethnically Jewish, and religious identification increased to 329,500. The survey said the intermarriage rate for couples under 30 years of age is 43%. More than 72,000 Jews live in intermarried households in Canada, including 15,490 children.

There are only 57,195 Jews living below the poverty line across Canada, which translates to 14.6% of Canada's Jews, compared to 14.8% among the wider Canadian population. Since 2001, the Jewish poverty rate has increased from 13.6%. Ottawa has the lowest rate of **Jewish poverty in Canada's major cities**, at 8.9%... Vancouver sits at 16.1%, Toronto at 12.9%, and Calgary at 10.8%. Those most likely to live in poverty are people on welfare or disability benefits, children living with single mothers, and recent immigrants.

Canada's biggest urban areas are stuck in a rut of persistent poverty, while mid-sized cities are gaining ground despite the recent recession. The metropolitan areas of Vancouver, Toronto and Montreal have poverty rates far above the national average. But Québec City and Victoria, on the other hand, have seen steady and significant declines in the number of people living with low incomes over

the last decade, despite the recent recession. Overall, the recession halted progress on fighting poverty. After more than a decade of slow, steady decline in the proportion of people living below Statscan's low-income cutoff, poverty has started to edge up again. It now stands at 9.6% of the population, up from 9.2% in 2007 and 9.4 per cent in 2008 - but far below the 15% seen at the peak of poverty in 1996.

In Vancouver, the incidence of low-income was 17.8% in 2000. By 2009, it had declined just slightly to 16.9% - the highest for urban areas across the country. Toronto takes second place. The 2009 poverty rate of 13.2% is slightly higher than the 12.4% at the turn of the millennium. Montréal is in third, with 13.1% - although that's much lower than 19.7% in 2000. Calgary has a "prevalence of low income" of 10.9%, the lowest in Canada. In fact, there are more people in Calgary who make more than \$100,000 (roughly 97,400 lucky folks) than those who earn between \$20,000 and \$29,000 (around 97,330 people). Contrast that with Montréal, where the \$20,000-29,000 salary range has the most people (200,690).

Dawning of the Day of the Rope

One morning we shall awaken to a new beginning... the **Dawn of the Living Dead** - unless we go without sleep one night planning the orchestration of the **Day of the Rope**.

Its them or us... and my money is on them!

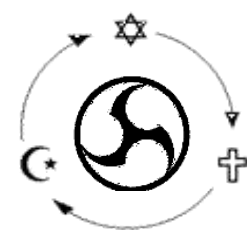

They don't need us and that's why they're importing the Third World subhumans into our midst. They ultimately intend to destroy us... and there is nothing we can do to stop them. We can't even fight back without being branded as racists and terrorists.

There is no hope - and that is our only hope. Die well.

What's the Most Important Thing in your Life?

Plagiarized from a speech by Dr. William Pierce of the same title.

What's the most important thing in your life? is it making as much money as possible? is it getting along with other people and being popular? is it security? or happiness? Of course, most of us would like to have financial security... and we would like to be happy! But for many of us there is something more important than security or personal happiness. I'm talking now to the more serious-minded members of our audience - to the ones who are capable of understanding things like duty... and personal responsibility. Duty and responsibility... those are almost bad word these days! definitely not fashionable. We've been conditioned by the media to be suspicious of people who talk about such things. This is the feel-good generation... but really, we know that more important than feeling good is doing good - doing right. The most important thing for us is using our lives in the right way. The most

important thing is having the right purpose and serving that purpose effectively.

We need to look beyond are our bank accounts and our personal hobbies and our immediate circle of friends in order to find purpose. We need to see our selves in a larger context. We need to understand how our own lives are important as a part of the world around us. Not just the world of here and now... but also the world of the future... and the world of the past. We need to see our own lives as part of the historical process. When we do this - when we see ourselves in context - then we begin to understand our responsibility... our purpose. We begin to understand what's really important in our lives. We see that we have a responsibility to the people who came before us and made it possible for us to live - to be the people whose genius and work and sacrifice built our world for us... built our civilization for us... gave us our culture. We have a responsibility to ensure their toil and sacrifice were not in vain... and we have a responsibility to the people who will come after us... our children and their children. A responsibility to all the future generations of our people. We must insure said what we have inherited from our ancestors will be preserved and enhanced and strengthened by us... and passed on to those who will follow us. This is the most important thing in our lives.

Understanding this purpose - accepting this responsibility - at least, it's the most important thing for those of us who are serious about our lives. Those of us who have not become corrupted and trivialized by watching too much television or going to the movies. We need to be concerned about what's happening to our world today. We need to become involved in it. We need to accept responsibility for it. That's the whole reason for our dissident voices in our day-to-day existences... to share understandings of what's happening - and its to provide little push... a little inspiration to get others involved in our nation.

Firstly, North America, like Europe, is being transformed very rapidly from a White country to a non-White country.

Second; our Zionist Occupied Governments are deliberately implementing this transformation.

Third, most the White population is not resisting the transformation.

Fourth, the mass media - controlled by the Jewish Zionists - is providing the driving force for this White Genocide.

What this means to those of us who feel some sense of responsibility to our ancestors and to our posterity is that our people are being faced with the greatest threat ever - with the threat of extinction... and we must do whatever we can to avert this threat. And what we must do - in the very roughest and crudest of terms - is to first, destroy or neutralize the two hostile forces which are leading us to our destruction... namely, our Zionist Occupied Government and the Jewish-controlled media. And second, start our badly corrupted and people back on the road to duty and responsibility.

I'm leading out many important details, of course; I haven't even mentioned how we are to deal with the foreigners already transplanted within our midst, for example. But that is a detail we know that we can handle once we have taken care of the government and Jewish media... and begun curing our own people of their present bleeding-heart liberal-minded communistic sickness.

So we know roughly what our problem is - and roughly what we must do about it. Now we must get back to the details... because that's the only way we can actually make plans and execute them. But

seeing the big picture is important in making plans of because it sets the boundaries for us. I mean, once we understand the urgency of our situation... once we understand the finality of our fate designed for us by our enemies... we know that we must either conquer or die! if we do not defeat those who intend to destroy us - and to defeat them soon - then our people me perish for ever. What this means for us is that no matter how small our likelihood for success... we must act! no matter how desperate the gamble... we must take if. we must not fail to act. we must not do nothing... simply because no plans seems certain of success. No loss as a consequence of acting can be greater than the lost from failing to act. If we are responsible adults - if we are honourable adults... then we must act! There is no acceptable excuse for not acting, not family obligations... not personal security... not career considerations...! No excuse. If we do not act, then everything our ancestors built for us will be lost - every reason for living! every reason for which our ancestors lived... and worked and sacrificed and suffered and died... the deadly filth of communistic Jewish liberalism will spread over our entire race and destroy it - eradicable - for ever.

"White Niggers of North America"

Pip Argot

Multiculturalism has been the **Trojan Horse** to undermine the beliefs and values of Canadians all along. Ultimately, the **Sovereignty of Canada** as a Nation will come under attack by the ruling elite - i.e. the rich Jews and their puppets. Pierre Trudeau, the Father of State Terrorism in Canada started it... and his son is continuing the family tradition.

According to **FLQ** philosopher **Pierre Vallières** more than 90% of the working class of Québec's French population can rightly be called "**White Niggers of America**" - a colonized people, subject to exploitation by ruling classes, which include a Quebecois elite, a Canadian elite, and a broader international economic elite in which the United States figures prominently. Vallières argued that action, and furthermore drastic, and militant action, was necessary to change the situation of the workers of Québec. The use of the word nigger implies a parallel to Black (and to a lesser degree, the Irish) people, particularly under conditions of slavery in the United States prior to the Civil War. He focused, in particular, on the assumed inferiority and social denigration of the "nigger," typically imported to provide a base of cheap, slave-like labor from which a ruling class can sustain itself. He claimed that the "nigger" lacks any kind of control over the structures of political and economic power in his society, yet cannot escape their tremendous

influence. Therefore, the only way to change the circumstances of the white niggers of Québec is to overthrow the system that exploits them, eliminating in particular the economic, administrative, political, subjective and intellectual conditions that it imposes.

It is sometimes hard for English Canadians to grasp how deeply many French Canadians feel the loss of control over their identity. Although most French Canadians do not see themselves as victims of slavery, most do believe they and their culture have been subjected by oppression at the hands of English Canada. Québec nationalism finds its roots in a nation's struggle to protect its culture, its language, and ultimately its identity. In the eyes of nationalists, the term province serves to equate Québec with Canadas other territorial units when in fact, for many francophones, Quebec is not just a province with a difference, it is a nation and deserving of recognition.

Do not deliberately distort our Canadian racialism. We are not at heart anti-any other race. We are merely pro-Canadian. We are concerned with making the Canadian race strong and healthy in every way. We are not interested in having millions of degenerates and foreign-born in Canada changing our identity, establishing their cultures in our midst, if it is in our power not to have them. Today rampant drug addiction and alcoholism are everywhere... as are the unwelcome peoples of inchoate nations. We care that Canadian families are healthy and prosperous, caring that we raise healthy children for the renewal of a healthy nation. Canadian racialism means, simply put, rediscovering the creative values of our peoples - rediscovery of our own heritage. We endeavour to search for excellence in our ancestral peoples, which is a noble endeavour. Our nationalist racialism is not against other races, it is for the advancement of our own race. It is aimed at defending and improving our race, and wishing that all other races do the same for themselves... in their own lands where they belong... and stop forcing themselves, their cultures and languages upon us. We wish to be whom our great-grandparents thought we would become - true and strong and free - and nothing else. Who can ask for anything more - or less?

We are the **Black Thorn Society**- a group of close-knit interrelated families with the betterment and preservation of our European-born national identity as our strong cultural common interest. We love Canada as it was supposed to be... we are the dreamers who dare to believe that the sleepers will awaken to the truth about the gadom ZOG in Ottawa and end the genocidal nightmare of Third World mass immigration.
